Dear Randi:

Now that summer is over and I have a chance to breathe a little, I want to let you know how happy Annette and I are with the final "look and feel" of our home. The results achieved have exceeded all of our expectations. You clearly demonstrated a unique ability to both listen and make great recommendations, especially when it was sometimes difficult for us to imagine the finished look. Everyone who has visited us comments on how great our home interior looks and as much as we would like to take the credit - it all goes to you.

Thank you so much for turning our "house" into a "home". Your efforts throughout the spring and summer were truly remarkable. We look forward to working with you on future projects. Feel free to use our home as an example of your great work and please let me know if you ever need me to serve as a reference for future clients.

Sincerely,

Dan Nova
